To-morrow she will take the members of the Moundaville Colored church from the latter place to Brown's island. Wool.

BOSTON—The American Wool and Cotton Reporter will say to-morrow of the wool trade: Sales in the three principal markets have amounted to 3,983,100 pounds, 257,500 pounds demestic and 1,659,700 pounds foreign wool. Territory pulled and scoured wools have formed the major part of the above amount. Foreign wools have been pretty slow in comparison with the three classes above named. The symptoms of increased business noted last week have been fairly visible since last writing, although there has not been the least change in rates, except that low medium domestic stock is stronger than it was three weeks ago. The sales since January 1, 1896, have amounted to 95, 513,415 pounds against 145,523,910 pounds in the corresponding period of 1895, Roston's sales for the week 1,514,000 pounds; 1,363,500 pounds domestic, 510,500 pounds for dgn.
